

Alaskan Flower Essence Project

Cross-Reference of Healing Qualities
for the Alaskan Essences

by Steve Johnson

Healing Essences from the Heart of Nature®

Introduction

Following is a **Keyword** listing, organized according to the structure of our Practitioner Kits and Research Essences, and a **Cross-Reference** of the healing qualities of all of the essences in our repertory, organized under various therapeutic topics. These topics were chosen to reflect current themes that are relevant to the Alaskan essences in particular, and to vibrational healing in general. Using these two sections together will give you the most complete picture of the healing qualities of each essence.

This information has been excerpted from the upcoming 3rd Edition of *The Essence of Healing* by Steve Johnson.
